

A REPORT ON THE LORD'S MOVE IN ITALY

SEPTEMBER 27, 2026

The Significance of Italy in the Lord's Present Move

Matt. 24:14 "And this gospel of the kingdom will be preached in the whole inhabited earth for a testimony to all the nations, and then the end will come."

"The recovery has taken root in the United States and the Far East, but there is a void in Europe. For this reason the Lord's direction of His present recovery must be toward Europe." *The World Situation and Direction of the Lord's Move*

Italy is a significant country in the New Testament, both in the first century, when Rome stood at the center of the political, military, and economic world, and in the end times, when Rome is associated with the religious and material center of Babylon.

Italy is also a significant nation in present-day Europe. As a founding member of the European Union, it has played an important role in European integration and regional policy. It has the third-largest population and third-largest economy in the EU.

“We need to work by contacting people in preaching the high gospel,
in teaching the deeper truths, and in testifying the Christian
