

The New Lampstand in Esch, Luxembourg

October 4, 2026

We rejoice to announce that there is a new lampstand in French-speaking Europe! We praise the wonderful, flowing Triune God for the first golden lampstand in the country of Luxembourg. On Saturday, October 3, over 250 saints from 20 countries came together for a conference. We had the first Lord's Table Meeting in Luxembourg on October 4. French-, Portuguese-, Spanish-, German-, Chinese-, and English-speaking saints were praising our Lord Jesus together! We are blending in oneness in the one Body and the one flow of the Spirit with much joy.

A Short History of the Lord's Moving in Luxembourg

In 2022 Bibles for Europe held a small conference in Merzig, France (which is close to the border with Luxembourg). A couple from Luxembourg whom the Lord had prepared for a number of years attended the conference. This couple had read Watchman Nee's writings but had no way to practice what they read. After the conference this couple contacted relatives and friends to share with them. They also maintained regular contact with the French-speaking saints they had met at the conference. They prayed for the Lord to raise up the church life in Luxembourg while earnestly seeking fellowship with saints in France and Belgium.

There was a 50-plus-day gospel outreach in Luxembourg during the 2024 Paris Olympics. A couple from Germany came to Luxembourg, and together with the local couple they coordinated to receive all the teams for the Olympic gospel trips. This local couple experienced the sweet taste of the day-to-day church life with all the visiting gospel teams. From that time they continued steadfastly with a Lord's Day meeting, a weekly prayer meeting, and home meetings. The people in Esch (formally known as Esch-sur-Alzette), with its large population of second- and third-generation Portuguese-speaking people, were especially open to receive New Testaments and visitations from the saints. A number of Portuguese-speaking saints came to Luxembourg for shepherding trips (each for about 3 months). What a beautiful coordination in the Body!

Currently, around 22 saints are meeting in four languages as the church in Esch. There are young people, university age, a couple from Brazil, a Colombian family just across the German border, and two full-time sisters from the Paris team. Praise the Lord for all that the Lord has done!
